

Ever had trouble getting paid by Able Translations Ltd.? You are not alone!

ABLE TRANSLATORS

Strategy Meeting

Able workers are having trouble getting paid for assignments they have completed. It's not right and we can do something about it. Join fellow translators and interpreters, along with community legal clinics, who are working together to make Able change its practices.

At this strategy meeting we will discuss:

- Your rights as independent contractor,
- Different legal options available to you,
- How we can work together to make Able pay on time!
